

SALE
November 25, 1972
Fernwood Farm
Barrington, Illinois

W. W. DONALDSON

Our goal now and has always been to supply our customers with the kind of Shorthorns and Polled Shorthorns that can compete successfully with any cattle anywhere. To that end, we believe in all modesty that our achievements have been quite apparent.

More recently, we have been engaged in breeding Polled Shorthorns. All of the bulls in the Sale, including the guest consignment from Hidden Valley, are polled. We sincerely believe that our two polled herd sires, DANDALOO ROYAL DUKE (P) and KELSO IGNITION (P), will go down in history as prime contributors to Polled Shorthorns in America.

I'm sure you will agree when you see their progeny in the Sale.

Sincerely,

W. W. DONALDSON

GENERAL SALE INFORMATION

TIME AND PLACE . . . 1:00 p.m. CST, Saturday, November 25, 1972, at Fernwood Farms, Barrington, Illinois. Fernwood is located on Illinois Highway No. 62; 38 miles northwest of Chicago; 3 miles southwest of Barrington; 12 miles northeast of Elgin; and 25 miles northwest of O'Hare International Airport.

TRANSPORTATION . . . For transportation from the O'Hare Airport or the International Livestock Show grounds, contact the sale managers, and arrangements will be made to accommodate you.

HOTEL ACCOMMODATIONS . . . Sale headquarters will be the Holiday Inn, Elgin, Illinois. You may write them directly telling them that you are attending this sale, or write the A. S. A. Sale Management, Ted Aegerter, 8288 Hascall Street, Omaha, Nebraska 68124, who will be glad to make the reservation for you.

AUCTIONEER . . . Paul Good, Van Wert, Ohio

GUARANTEE . . . All cattle sell under the standard guarantee endorsed by the American Shorthorn Association.

TERMS . . . The terms of this sale are cash. All announcements at sale time, written or oral, supersede any written material in this catalog.

LIABILITY . . . Louada Farms, W. W. Donaldson, Fernwood Farms, and the A. S. A. Sale Management accept no liability for accidents that may occur. When an animal is sold, the animal becomes the responsibility of the new owner. Arrangements have been made to care for the cattle at Fernwood Farms for a few days following the sale.

LUNCH . . . Will be available sale day.

SALE STAFF . . . C. D. Swaffar, Executive Secretary, American Shorthorn Association.

C. K. Tomson, Harding & Harding Livestock Insurance, Geneva, Illinois

Mike Kershaw, The Shorthorn World, Aurora, Illinois

Lyle Eiten, The Prairie Farmer, Ladd, Illinois

Ed Huff, Livestock Breeder Journal, Warrenton, Virginia

Al Hamann, Rock Rapids, Iowa

A. S. A. Sale Management, 8288 Hascall, Omaha, Nebr. 68124. Ted Aegerter, Sherman Berg.

INSURANCE . . . Will be available sale day.

IGNITION VELIX

THE LOUADA SUPREMACY CONTINUES

With the introduction of new blood lines to the Louada foundation, the superior quality of bulls and females is still synonymous with the name **Louada**.

A planned breeding program to produce Polled Shorthorns capable of working improvement on any Shorthorn and Polled Shorthorn cow in North America has been the Louada goal.

Come see for yourself. The bull you have been looking for could very well be stamped with the name Louada, and the planned Louada performance breeding program can be **your** breeding program.

The females offered carry the same stamp and will be appearing as frontrunners during their lifetime.

Check the record. Ask those who have purchased Kelso Ignition (P) or Dandaloo Royal Duke (P) progeny. These cattle do perform and many good cattlemen who have tried them attest to that fact.

Take in the Louada Sale, November 25, and the International Livestock Show on your Chicago-land trip.

TED AEGERTER
SHERMAN BERG

KELSO IGNITION (P) — IGNITION, together with his Sire, DUKE, have been called the "POTENT PAIR" and justly so.

Size coupled with muscling have to be two of the prime factors for future success in the beef cattle business. IGNITION weighed 1800 lbs. at twenty-one months after 60 days on grass pastures.

Further, 27 of the 30 close-up ancestors in his pedigree are Polled. More assurance that his ability to sire Polled calves is well-founded. Competing at the great Royal Easter Show, Sydney, Australia, IGNITION was Champion of the 18-21 month old class. Yes, he is a show bull in his own right.

But the proof of any breeding bull is his progeny. Judge for yourself when you see his sons and daughters at the Sale!

*(P) in Australia means Polled

For Reference Only

KELSO IGNITION (P)* 68-1451

Roan, calved August 6, 1968. Bred by Kelso Stud Farm, Kelso Park, N. W. Mooroopna, Victoria, Australia.

DANDALOO ROYAL DUKE (P)

Red, calved March 29, 1964.

DANDALOO ROYAL DUKE (P) — Although size has been emphasized here in the United States in all breeds of beef cattle, only recently has the importance of muscling and general thickness been recognized.

DUKE brings you the size — 2600 lbs. — as a mature bull, but equally important he and his son, IGNITION, demonstrate the thickness that we must have to compete in this beef cattle business.

With a Show and breeding record that none can deny, DUKE will surely go down in history as one of the great bulls of the breed.

**HIDDEN VALLEY FARMS
GUEST CONSIGNMENT**

Hidden Valley Farms, owned by Ben and Francis Zeigler, Fombell, Pennsylvania, are guest consignors to this year's "All New" Louada Sale.

The following six bulls, all sons of DANDALOO ROYAL DUKE (P), are consigned by them.

Hidden Valley Farms have consistently purchased the top females available for their breeding herd. You'll like the uniformity of their offering and you can be assured that these young bulls come from top producing females.

Shorthorn Show
1:30 P.M., Grand Champion Steer

Tuesday, November 28 8:00 A.M.,
Polled Shorthorn Breeding Classes

STANDARD GUARANTEE

Endorsed By The American Shorthorn Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.
5. In the event an animal is returned by the buyer to the seller as a nonbreeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such certificate is required by the seller.
6. All animals are sold to comply with the laws regulating tuberculosis and Bang's disease of the state or country into which they may be shipped.
7. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
